REDS AND ZIONISTS IN TRIBAL ROW

Truman Committee Says McCarran Act Offensive To Jews

SPECIAL—The Truman appointed "presidential commission" on immigration and naturalization has just filed a report condemning the McCarran-Walter immigration act as **"a violation of American ideals"**. The act, the commission stated, should be **"rewritten from beginning to end"**.

Head of the commission was Harry N. Rosenfield, former Displaced Persons commissioner, whom Senator McCarran has labeled as a member of several Communist front organizations. It was Rosenfield who juggled immigration regulations in such a way as to permit the entry of tens of thousands of undesirable Jewish DP's right after the war. Rosenfield has been a vigorous promoter of the Genocide pact, and at one time was associated with the UNESCO organization.

Among the specific objections which Rosenfield's "presidential commission" found to the McCarran Act were the provisions which require immigration authorities to

Tax Exempt Foundations Hit For Aiding Reds

WASHINGTON—Recent investigations by a special House Committee headed by the late Representative Cox of Georgia have revealed that many tax-free foundations have been using their funds to aid Communists and Communist causes. H. A. Moe, executive secretary of the $30,000,000.00 Guggenheim Foundation, freely admitted to House probers that his organization had aided scientists and authors with Communist records. The Committee also heard testimony regarding the appointment of Alger Hiss as president of the giant, multi-million dollar Carnegie Endowment. As a result of its findings the Committee will recommend that all tax-free foun-

GERMANS BLACKMAILED

COLOGNE — A Jewish purchasing commission from Israel has arrived in Germany to begin selection of "reparation" merchandise under terms of the agreement signed in The Hague last August. Under the provisions of that agreement the Germans are compelled to pay the government of Israel a total sum of $822 millions to defray the cost settling Jewish immigrants in Palestine. The "reparation" payments are in addition to the amounts already paid to individual Jewish claimants whose property was confiscated before the war.

Cafe Owner Sued by Negro

SAN FRANCISCO—A white restaurant owner in San Francisco has been sued for $20,000 by two Negro officials of the Marine Cooks and Stewards Union. The Negroes, Charles Mathis and Joe Johnson, charged the white waitress had waited on white patrons but "ignored" them for 15 minutes. The suit was brought under a California Statute which makes it illegal for any place of public accommodation to refuse service to anyone because of "race or color".

In Fresno, California a similar case involving the Hotel Hughes was settled out of court recently when the hotel's management paid $300.00 in "damages" to three Negroes who assertedly were refused accommodation last Sept. 13.

"Anti-Semitic Purge" Seen As Row Between Zionists and Communists; Jews In Bitter Family Quarrel

LOS ANGELES—For the third straight month the propaganda campaign to convince Americans that Communism is not a Jewish movement has continued unabated. To accomplish this, Communism is now being represented as "anti-Semitic". Since the Prague purge trial propagandists have overlooked no opportunity to fortify this "anti-Semitic" myth. The scheduled purge of Gerhart Eisler, propaganda chief of Eastern Germany, is represented as but a further manifestation of this anti-Semitism. The arrest of nine Jewish doctors has been headlined as a vast anti-Semitic pogrom in Russia. Quick magazine even carried a story of a Jewish wrestler who lost his title as "Master of Soviet Sport" because of "anti-Semitism". Thus the campaign progresses.

Actually, no one can possibly understand the meaning behind the current anti-Zionist purge taking place behind the Iron Curtain without some knowledge of the background to the case. In a previous article (Dec. 25th) we told of how Russian Jewry divided into two great movements in the 1880's, following the assassination of Tsar Alexander II. One of these movements was Zionism, dedicated to the establishment of a national state in Palestine. The other was Communism, which came to power in late 1917. The two factions have carried on a bitter internecine struggle. The Zionists have always insisted on paying first allegiance to Israel; the Communists in turn have relentlessly barred Zionist Jews from the Party. The practice of purging Zionists from the Party is certainly nothing new in Soviet Russia . . .

What makes the present situation unique is the world-wide propaganda effort which has attended the latest Zionist-Com-

Negro Rapes Increase As Lynching Decreases

TUSKEGEE—According to a report by Alabama's Tuskegee Institute, not a single Negro was lynched in the United States last year. The report also showed that only eleven Negro criminals have been lynched in the past 10 years.

These facts should be of particular interest to the bleeding heart set, which is forever agitating for "anti-lynch" legislation to protect Negroes against Southern whites.

The statistics released by the Tuskegee Institute are especially significant when compared with the Negro crime rate for the past ten years. The record indicates that Negroes have committed more than 20,000 rapes since 1942. In that same time span Negroes committed an estimated 30,000 murders.

For the calendar year of 1949, alone, FBI statistics revealed that Negroes committed 45.2% of all murders recorded. In that same year they committed 2911 rapes—about 30% of the national total.

In view of these figures, the hanging of eleven Negro criminals within a ten year period certainly does not constitute a national problem. These facts should be brought to light the next time an "anti-lynch" measure is proposed.

Jews Use "Tolerance" Propaganda To Corrupt American Patriotism

SPECIAL—Perhaps the most effective weapon at the disposal of Jewish nationalists in their campaign to negate Christian-American culture and civilization is "tolerance" and "brotherhood" propaganda. Because such propaganda appeals most strongly to the religiously inclined person, and to people of high moral character generally, its effect has been almost overpowering among the better classes of American society. The dream of a universal brotherhood of men is, after all, age-old, and finds expression in the philosophy of every major civilization. The concept of tolerance and amity and brotherhood among men is essentially a noble one. Why, then, the objection to the

WASHINGTON

SENATOR LEHMAN of New York is believed to be the mysterious congressman who recommended David Weintraub and three other loyalty suspects for employment with the UN. A federal grand jury investigating Communism in the UN charged last month that a certain "member of congress" had endorsed subversives applying for UN jobs, but refused to divulge his name. When confronted by newspapermen, Lehman denied any **"specific recollection"** of the matter but bleated: **"It would be a sad state of affairs if public officials refused to recommend individuals in good faith simply because of the possibility that at some future time so-called derogatory information might turn up in regard to them."** Just the same, the Jewish senator from New York had better choose his friends a little more carefully.

SENATOR WAYNE MORSE, bleeding heart Republican who now styles himself an "independent", may face a Congressional investigation for his dealings with influence peddler Russel Duke.

SUPREME COURT JUSTICE Tom Clark is also scheduled to appear before a Congressional investigating committee to explain his role in the Kansas City vote frauds in 1946. Clark, who was attorney-general at the time, has been accused of calling off an FBI investigation into the affair, and otherwise interfering with the investigation of the case.

ONE of the truly great members of the House of Representatives is missing from the roll of the 83rd Congress. He is Representative Eugene Cox of Georgia, a staunch supporter of States Rights, an implacable enemy of Communism, and a true Southern patriot. Representative Cox's last duty in Congress was to serve as chairman of the committee which conducted the investigation of tax-free foundations accused of aiding Communist causes (see page 1).

DON'T look to Eisenhower for much help in getting the United States out of the UN. Eisenhower has always been an avowed "one-worlder", and one of his first acts after the election was to visit the United Nations headquarters in New York. Furthermore, his secretary-of-state — Foster Dulles — is an ardent UN supporter. In 1948, while serving as a delegate to the UN, Dulles not only advocated adoption of the so-called "Declaration of Human Rights", but also urged the enactment of legislation to **"translate human rights into law".**

Hollywood

HOLLYWOOD'S JEWS have ground out another propaganda movie glorifying the chosen race. The latest offering is the musical extravaganza, THE JAZZ SINGER. This is the third time THE JAZZ SINGER has been made into a movie. The original version featured George Jessel. Al Jolson starred in the second, produced just after sound movies came into vogue. The current production stars Danny Thomas who, incidentally, looks like a Jew but is not . . . The story was originally about a young minstrel singer who returned home during the Yom Kippur celebration to sing Kol Nidre for his expiring father. The present production has been changed somewhat. The story is now about a heroic Jewish war veteran who returns from Korea to take up a stage career. Before becoming a great stage star, however, he goes through a reconciliation with his father which involves a sequence in a synogogue, where a rabbi delivers a stirring sermon and the Kol Nidre is sung by the hero. Several of the scenes, incidentally, were filmed in the Sinai Temple of Los Angeles. THE JAZZ SINGER is representative of the blatant type of pro-Yiddish propaganda which our Jewish-controlled entertainment industry has been steadily feeding the American public ever since the turn of the century. The idea is to popularize Jewishness and Jewish ways . . . Director of the film is the Hungarian Jew, Michael Curtiz.

BEETSY WYNN, wife of Jewish film star Keenan Wynn, obtained a much publicized Mexican divorce this month, but failed to go through with her announced wedding to Dan Dailey. The wedding was called off "by mutual agreement". By the way, another one of Keenan Wynn's former wives is now married to Van Johnson.

THE FILM COLONY this month celebrated Adolph Zukor's 50th year in show business with a gala affair at Hollywood's Palladium ballroom attended by more than 1000 notables. Zukor, a Hungarian Jew, is the founder and present board chairman of Paramount Pictures.

BENNAY VENUTA, former wife of Armand Deutsche, will marry character actor Fred Clark on February 15th. The wedding is to take place in the home of songwriter Frank Loesser. They're all Jews.

HEARST'S AMERICAN WEEKLY ran a story this month on the comedy team of Burns & Allen. The article stressed the Irish theme throughout, giving the impression they are "Irishers". Burns is a Jew whose real name is Birnbaum. His television show is notable for the almost complete absence of gentile supporting actors. Irish my eye!

CURRENTLY POPULAR AT THE BOX OFFICE: APRIL IN PARIS, starring Ray Bolger and Doris Day. Doris Day is married to the Jew, Marty Melcher . . . HANS CHRISTIAN ANDERSON, starring Danny Kaye and Farley Granger, both Jews . . . ABOVE AND BEYOND, with Robert Taylor and Eleanor Parker (Friedlob) . . . THE STAR, produced by Bert Friedlob and starring Jewish Bette Davis . . . OUTPOST IN MALAYA, starring Claudette Colbert (Pressman) . . . I DON'T CARE GIRL, with Mitzi Gaynor and the Jew, Oscar Levant . . . THE BAD AND THE BEAUTIFUL, starring Lana Turner and Jewish Kirk Douglas . . . THE IRON MISTRESS, with Virginia Mayo and Alan Ladd (married to the Jewess, Sue Carol).

McCarran Act

Continued from Page 1

make a personal investigation of each applicant for naturalization in the neighborhood in which he resides. The committee objected to this requirement because of the possibility that "anti-Semites" might give prejudicial information about the applicant.

Another of the committee's objections to the McCarran Act is cited by Milton Friedman in his syndicated column in the California Jewish Voice. Wailed Friedman: **"Another provision of the Act has emerged as a potential danger to Jewish refugees and others admitted as victims of Nazi persecution. Those refugees who have suffered mental breakdowns and become public charges in the last five years must be deported unless they can establish that their mental illness was not the result of a condition which existed prior to entry. Many Jews tortured by the Nazis in concentration camps subsequently entered the United States and, as a result of their harrowing experiences, required treatment in our mental hospitals. These unfortunates would be deported although the act provides for the admission to the U.S. of the Nazis who tortured them."**

SIGNIFICANCE: Ever since the Roosevelt administration came to power in 1933, Jewish immigrants have been pouring into the country in vast numbers. In 1939, for example, 52.35% of ALL immigrants admitted were Jews. In 1940 the percentage of Jewish immigrants was 52.21%. After 1943 Roosevelt ordered official Jewish immigration statistics suppressed, but it is known that at least 30% of all DP's admitted after the war were Jews. Large numbers of these Jews were undesirables who could not ordinarily qualify for entrance into ANY country. Among these were criminals of every description, sex perverts, homosexuals, Communists. and persons suffering from physical and mental diseases. The McCarran Act excludes such scum from immigration quotas and provides for the deportation of those already here who have become public charges.

✓ **The U.N. has appropriated** $429,000.00 for the purchase of special U.N. medals to be awarded troops now fighting in Korea.

✓ **David Weintraub,** who resigned from his plushy ($12,600 annually, tax free) job in the U.N. early this month, is a Russian Jew who obtained his citizenship papers in 1926. He had been mentioned in 43 separate FBI reports as a bad security risk. Incidentally, U.S. News & World Report has estimated that more than 100 reds have quietly resigned from the U.N. during the past year.

✓ **A move is now under way** to screen the entire contingent of Americans employed by the U.N. The loyalty check will be conducted by the FBI. About 375 American members of the Secretariat are invoved, plus approximately 2700 lesser employees, including some 1100 employed outside the U.S.

✓ **The Jew-infested United Nations** has been, from its inception in 1945, primarily a vehicle for advancing the interests of world government under the banner of Soviet Russia. It has been shown repeatedly that a majority of the U.N.'s secretariat is pro-Communist, and that more than half of the American "quota" in the secretariat is red. These facts were not widely known, however, until the McCarran Committee began digging into the situation several months ago.

Last month the McCarran Committee performed another notable service to the American people by publishing a list of 38 red employees retained by the U.N. even after the State Department had turned in adverse reports on them. Although the Committee did not indicate the racial origin of the suspects, a look at the roster showed the majority to be, without doubt, Jewish. Those named by the Committee were: David Weintraub, Henry S. Bloch, Abraham Nadel, Anna Rubinstein, Lena Spiegal (Abrams), Avelyn Thaler (Stern), Irving Kaplan, H. S. Schimmel, Eugene Walach, Ursula Wasserman, Marjorie Zap, Irene Pogorelsky, William Pogorelsky, Rhoda Rastoff, David Zablodowsky, Leo M. Drozdoff, Victor Yakhontof, Alfreda Abell, B. Alper, S. I. Graze, Helen Kagen-Pozner, Julia Older (Bazer), Adele Rotkin, Sonya Sokolow (Dobrikin), Alexander Svenchansky, Dimitrev Varley, Marshal Wolf, Madeline Gaims, Andrew Grad, Mary Keeney, Frank Bancroft, Jack Becker, W. Russian Jews Favored by RCA Victor

It goes almost without saying that whoever controls American culture also controls, in the last analysis, the thoughts and habits of the American people. Certainly no medium of cultural expression is better able to influence the public mind, and especially the mind of American youth, than that of music. Unfortunately, a substantial portion of the American musical industry has fallen into alien, anti-Christian hands.

In recent years American music has to an increasing degree fallen under Jewish domination, not because of any particular Jewish talent for music, but because Jewish business men have been able to seize control of the chief commercial outlets for music.

The recording companies are a case in point. It is a well known fact that the major recording companies can either make or break musical artists almost at will. If a major recording company decides to push the recordings of a given musical artist, he is almost certainly a candidate for fame and fortune. On the other hand if the recording companies choose to ignore a musician, he remains in comparative obscurity and poverty regardless of his talents. These facts are well known throughout the musical world and the ambition of every aspiring musician is to attract the favorable notice of the recording companies.

It is a shameful fact that the Jewish owners of America's recording industry have used their position in the musical world to virtually freeze out gentile American musicians. If this is difficult to believe, consider the case of the Jew-owned RCA Victor Recording Company. RCA Victor is a subsidiary of the giant Radio Corporation of America, whose head is the Russian Jew, David Sarnoff. The giant Radio Corporation of America, in addition to its RCA Victor holdings, also owns the National Broadcasting Company (NBC), and through its manuacturing and licensing facilities controls a substantial portion of America's radio-TV manufacturing field. Furthermore, RCA's David Sarnoff was until a short time ago the president of the Metropolitan Opera Association. Beyond a doubt the Jew-owned Radio Corporation of America exerts a commanding influence on the American musical world.

What proof is there to substantuate the claim that RCA Victor discriminates against gentile-Americans in favor of Jewish musicians? First off, let us take a fancy 76 page booklet published last year by RCA Victor entitled: WORDS AND MUSIC. The title page of this booklet reads: **"The World's Greatest Artists are on RCA Victor Records".**

Listed in the preface are the names of the famous musical artists for whom RCA Victor records. The most outstanding of these, thirty-six in all, receive a full page picture, opposite of which is another full page of commentary by a well known musical critic. Altogether, 72 pages are devoted to these 36 musical artists.

Last year RCA Victor published a booklet entitled "Words and Music" in which it featured thirty-six musical artists whom it styled "The World's Greatest Artists". Each musician received a two-page write-up, complete with photograph. Of the thirty-six musicians featured by RCA Victor, seventeen are Jews, and only eight are white gentile Americans. Pictured above are all but one of the seventeen Jews, only two of whom are American-born.

RCA Victor is controlled by David Sarnoff, who entered this country as a Russian-Jewish alien. Instead of showing his appreciation for the country which made him a millionaire many times over, he has used his position to promote the careers of other Jews in preference to gentile American musical artists.

Now let us examine RCA's selection of what it calls **"The world's greatest artists".** Of these thirty-six famous musicians rating a two page spread in the catalogue, SEVENTEEN are known to be Jews. One is a Negress, ten are European, and only eight can pass as white gentile Americans. Note the ratio: eight gentile Americans, seventeen Jews — that is the proportion in RCA's catalogue.

Now it should be obvious to even the most casual observer that something is radically wrong with this picture. The last census estimate placed the white gentile population of the United States at about 130 millions, and the Jewish population (from official Jewish sources) at about six million, with Negroes accounting for the remainder of our population. It is absolutely unreasonable that the Jews, who constitute a tiny minority of our numbers, should dominate American music to the extent indicated by the RCA Victor book. Yet that is the picture which emerges.

RCA's booklet, WORDS AND MUSIC, also lists a large number of musical artists by musical categories, such as conductors, pianists, violin soloists, etc. For example, twenty-three conductors are listed. Of these twenty-three, THIRTEEN are known to be Jews,

The thirteen Jewish conductors listed by RCA Victor are: Leonard Bernstein, Arthur Fielder, Vladimir Golschmann, Serge Koussevitzky (des.), Erich Leinsdorf, Pierre Monteux, Eugene Ormandy, Artur Rodzinski, Sigmund Romberg, Fabien Sevitzky, Wm. Steinberg, Igor Stravinsky, Frieder Weissmann. (Also listed is Arturo Toscanini, supposedly an Italian, but whose daughter is married to the Jew, Vladimir Horowitz.)

and only one is clearly a white gentile American. The remainder are European. Note the ratio again: one gentile American, thirteen Jews. These facts indicate that the Jew-owned RCA Victor Company without question discriminates against Christian musicians in favor of Jews.

To clinch the argument, take two other examples from RCA's booklet. A total of nineteen Pianists and Harpsichordists are listed, at least 12 of whom are Jewish. None, so far as can be determined, are gentile Americans. In this instance the ratio is twelve to nothing in favor of Jewish musicians over Americans.

In the case of violin soloists, RCA lists five famous recording artists. Of these five highly paid violinists, whose incomes all exceed $100,000.00 annually, not a single one is a Christian American. Every last one is a foreign-born Jew.

The ONLY violin soloists listed in the RCA booklet are: Mischa Elman, Jascha Heifetz, Fritz Kreisler, Yehudi Menuhin, Nathan Milstein. All are foreign-born Jews. (Kreisler, however, is a converted Jew, having adopted the Catholic faith.)

How to account for these lopsided ratios? Are Christian Americans completely lacking in musical talent? On the other hand, is the Jewish race so endowed with musical talent that gentiles cannot compete with them? The answer is, of course, that success in the musical world is not contingent so much on talent (although some is required) as on opportunity. In the parlance of the musical and acting professions this is known as "getting the breaks".

Today there are many, many famous actors and musical artists who existed in absolute poverty and oblivion until they got their "break". Similarly, there are vast numbers of talented musical artists and actors who are today obscure, and who in all probability will remain so, for the lack of opportunity.

Every musician knows it is those who get the "break" who go to the top; talent is necessary, yes, but secondary. And so long as Jewish merchants control our musical markets, then so long will Jew musicians continue to get the "breaks". That is why the majority of the Jew-owned RCA Victor's musical recording artists are Jewish, and that is why Jews dominate American music today.

Tolerance Propaganda

Continued from Page 1

current "tolerance" campaign being waged by American Jewry?

To begin with, the present campaign might be compared to the pre-war agitation for international disarmament, which also appealed strongly to people with high moral convictions. The ideal of international disarmament is also a fine one, and few will oppose it on principle alone.

It should be kept in mind, however, that no scheme for universal disarmament will work unless EVERY nation is willing to disarm. It is sheer criminal folly for any single nation to disarm while other nations are actually in the process of rearming.

This brings us to the question of racial "tolerance" as it is being preached today. Because racial tolerance, like disarmament, is something which EVERYBODY must practice if it is to work at all. And as with disarmament, it is futile for one group to attempt it while others follow the opposite course.

Today, Americans are being systematically taught to discard the concept of race and nationalism altogether. Through the medium of "tolerance" propaganda they are being taught that the concept of race is not only "unscientific", but actually un-American. They are taught to dispise patriotism as a form of narrow nationalism. They are taught to respect the internationalist viewpoint, and to abhor "isolationism". They are taught to be liberal . . . tolerant . . . uncritical of other races, religions, and peoples . . .

Now all this would be well and fine, except for one thing. While Americans are being taught to discard their pride and awareness of race, nationality, and religion, Jews are adhering to a different philosophy. Today American Jewry is infected with the most rabid type of nationalism imaginable. While we teach our children to discard the concept of race, they instill their own offspring with the most extreme form of racism known: long before the Christian child is aware of such things, the Jewish child is taught that he is of the "chosen race", and that his neighbors and countrymen are his persecutors. Jewish children are taught racism from the very cradle.

Since the establishment of the state of Israel, American Jewry has combined the quality of extreme racism with that of rabid nationalism. Throughout America the flag of Israel is prominently displayed in Jewish parochial schools, and Jewish children customarily sing the HATIKVAH, Israel's national anthem, at the beginning of their lessons. Today this combination of theology, nationism, and racism binds American Jewry into a fanatical minority which is intent not only on preserving its own identity, but in destroying ours.

SIGNIFICANCE: Americans are under no more obligation to permit Jews to spread "tolerance" propaganda in their midst than they are under obligation to permit Soviet Russia to spread pacifism here. Basically, the same principle is involved. Just as it is criminal folly for us to disarm while an enemy re-arms, so also is it criminal folly for us to discard the concept of race and nationality while Jews fortify their own sense of racial solidarity.

Press Report

NEW YORK—The Brooklyn Jewish Examiner reports that Jewish immigrants are still migrating from Iron Curtain countries to Israel despite the current Zionist-Communist squabble. Under a Sofia dateline the Examiner said: "In spite of the anti-Zionist trials in Czechoslovakia and rumors of further trials in Rumania and Poland, the Israeli consul here reports that Bulgarian authorities are ready to permit Jewish immigration to Israel . . . A dispatch from Moscow in the New York Times reported that the Soviet newspaper Pravda angrily denied that anti-Zionism is equivalent to anti-Semitism or that Soviet Jews are under attack. It stated that Russian Synogogues are operating unmolested and that there are still many Jews holding prominent positions in Soviet public affairs."

WASHINGTON, D.C.—Negroes are quietly moving into clerical and professional positions in Washington's municipal government for the first time in history. The new policy of taking Negroes into previously all white governmental offices has been initiated by the District's personnel officer, Henry F. Hubbard, who has announced a policy of accepting employees "regardless of race or color".

BALTIMORE—A grand jury in Richmond, Virginia has indicted Jerome M. Greenberg, former government physicist, for perjury after Greenberg, a Communist, had denied under oath that he had any Communist affiliations. He was arrested in Baltimore by agents of the Federal Bureau of Investigation.

WASHINGTON—The Department of Justice has ordered all aliens now residing in the U.S. to notify the government of their present address before the end of January. The registration requirement is contained in the McCarran-Walters Act, which went into effect December 24th.

LOS ANGELES—The National Association for the Advancement of Colored People (NAACP) will make an all-out attempt to push an FEPC measure through the California legislature in 1953. A state-wide conference will be held in San Francisco in February to map out the campaign. Already scheduled is a two day "Civil Rights Mobilization" to be held in Sacramento March 22-23.

SAN FRANCISCO—Three of the four Negro youths accused of kidnapping and raping a 16 year-old socially prominent Oakland school girl have been apprehended by Oakland police, and the fourth is being held by police authorities in Arkansas, where he fled after the attack. As in many such cases, the victim's family has preferred to have the rape charges dropped rather than have the girl undergo the ordeal of slander and abuse which invariably accompany such trials in the more "enlightened" states. The four Negroes have been charged with one count of kidnapping and two counts of robbery. Bail has been set at $35,000.00.

Tax Exempt Foundations

dations make annual reports of their finances to qualify for tax-exemption privileges.

NOTE: While these foundations were underwriting Communist projects with tax-exempt funds, the treasury department denied tax exemption privileges to the anti-Communist JUDGE ARMSTRONG FOUNDATION which was formed for the specific purpose of combatting Communism. The treasury department's tactic of levying penalty taxes on anti-Communist institutions is a matter which should be taken up the new Congress.

Anti-Semitic Purge

Continued from Page 1

munist squabble. At no time in recent Jewish history has there been so much bitterness in evidence on both sides. The Communist press has gone all-out in its denunciation of "Zionism" and "bourgeois nationalism". On the other hand Zionist Jews have bitterly accused their red compatriots of being "former Jews" and —of all things—"anti-Semites."

Americans should observe, however, that this is still a fight between Jews. The purges going on at the moment are anti-Zionist in nature, not anti-Semitic. This is carefully explained in the latest (January) issue of JEWISH LIFE. Said JEWISH LIFE: **"...Zionism is an ideology that is held by some Jews—and, it must be emphasized, opposed for a variety of reasons by many others, including certain Jewish religious groups, thousands of Israeli citizens and even by bourgeois assimilationists among wealthy Jews all over the world (for instance, the American Jewish Committee) and also by communists. Hence, it is simply untrue to equate anti-Zionism with anti-Semitism, for what anti-Zionism opposes is an idealogy and not Jews as such. To hold otherwise is to assert something as absurd as, "anti-Republicanism is anti-Americanism" or "to be anti-Tory is to be anti-British" . . .**

Consider the following facts:

(1) The Czech minister of justice, by whose department the trial of the Slansky group was held, is—a Jew called Stefan Reitz . . . The head of the Czech U.N. delegation at the current General Assembly session is Dr. Gertruda Sekaninova-Carkrtova—a Jew . . .

(2) Three Jews were elected to the central committee of the Communist Party of the Soviet Union at the XIX Congress in October 1952—L. M. Kaganovitch, L. Mekhlis, and D. J. Rayzer . . .

(3) At the Polish elections this fall, the third name on the list of candidates was Yakub Berman, a Jew. Following the elections, one of the men appointed vice-premier of Poland was Hilary Minc — a Jew. Minc is also head of the State Commission for Economic Planning . . . Katz-Suchy—a Jew . . . is Polish U.N. delegate at the current session . . .

(4) In Rumania, successor to the discredited Ana Pauker as foreign minister is Bugitch — a Jew.

(5) The President of Hungary is Matyas Rakosi—a Jew. Consider: Jews occupy some of the highest and most important positions in the socialist countries. What anti-Semitic government has ever placed Jews in the highest posts?
